Smooth wrapper with a slightly sweet and earthy smell on the pre-light. Effortless draw with cedar notes and spice through the nose and on the tongue. Rich aroma with earth and wood notes. An even burn held a long ash. Some changes in character. Medium body overall with a lot of sweet and spicy flavors. Excellent construction.

Big, sweet and earthy notes on the pre-light draw that followed through in the flavor of the smoke. Full-body and full-flavors with a lot of cocoa and earthy notes that had spice in the nose and some on the finish. Complex smoking experience that is well-rounded and balanced on the palate. Outstanding construction, very well made and unique.
